Invitation

Greetings from **Vaccines2019!!**

Gavin Conferences welcomes participants from all over the world to attend the CPD accredited “**World Congress on Vaccines & Vaccination and Immunology**” to be held at **Rome, Italy** from **November 25-26, 2019**.

Vaccines Conference brings together researchers, public health professionals and other key stakeholders to discuss progress and challenges in Vaccines and Immunization. This conference includes explicit keynote talks from distinguished scientists, plenary sessions, Poster competition, Young Researcher sessions, Symposiums, Workshop and Exhibitions.

The aim of the conference is to provide an international platform for discussion and debate among Vaccines research and development providers, policy makers, academics and researchers on strategies and initiatives to achieve transformational and sustainable development in Vaccines research and development and Immunization in local and global contexts.

Best Regards

Organizing Committee

Vaccines 2019!!

Conference Highlights

- Vaccine & Immunization
- Pathology and Immunology
- Immunological Disorders
- Human Vaccines-infectious & non-infectious
- Child immunization and Vaccination
- Viral Immunology
- DNA & Synthetic Conjugate Vaccines
- Travel & Edible Vaccines
- Pediatric Vaccination
- Neuroendocrine Immunology
- Vaccine Safety & Efficacy
- Immunization and pregnancy
- Psychoneuroimmunology (Animal models of disease)
- Animal & Plant-Derived Vaccines
- Cancer Vaccines & Immunotherapy
- Vaccines Preclinical & Clinical Trials
- Antibodies: Engineering & Therapeutics
- Mosquito-Borne Diseases-Vaccines
- Toxoid Vaccines
- Vaccines for Unconventional Diseases
- Vaccines against Drugs
- HIV/AIDS Vaccines
- HPV & Hepatitis Vaccines
- Vaccine Adjuvants & Delivery Technologies
- Current research and Modern Technologies In Vaccine Discovery & Development
- Infectious Diseases and Immune System
- Clinical and Diagnostic Immunology: current and future research
- T-Cells and B-Cells
- Immuno-toxicology
- Immuno-pathogenesis
- Immuno-informatics
- Cancer and Tumor Immuno-biology
- Stem cell Immunology
- Geriatric Immunizations
- Onco-Immunology
- Allergy, Asthma, and Immunology
- Inflammation and Therapies

Tentative Program

November 25, 2019

08:30-09:30	Registrations
09:30-11:30	Keynote Forum
	Group Photo
11:30-11:45	Network & Refreshments Break
11:45-13:00	Scientific Sessions
13:00-13:45	Lunch Break
13:45-16:00	Scientific Sessions
16:00-16:15	Network & Refreshments Break
16:15-16:30	Panel Discussion
	Day Concludes

November 26, 2019

09:30-10:30	Keynote Forum
10:30-11:30	Scientific Sessions
11:30-11:45	Network & Refreshments Break
11:45-13:00	Scientific Sessions
13:00-13:45	Lunch Break
13:45-16:00	Scientific Sessions
16:00-16:15	Network & Refreshments Break
16:15-17:15	Poster Presentations
	Award Ceremony

Conference schedule is subject to change. Workshops and Symposia slots are available. To book slot for Workshop and Symposium send us the proposal.

Explore Rome

Rome is the capital of Italy and also of the homonymous province and of the region of Lazio. With 2.7 million residents in 1,285.3 km² (496.3 sq. mi), it is also the country's largest and most populated commune and fourth-most populous city in the European Union by population within city limits. Rome is the only city in the world to contain in its interior a whole state; the enclave of Vatican City. Rome has a status of the global city. Rome was the 11th-most-visited city in the world, 3rd most visited in the European Union, and the most popular tourist attraction in Italy. The city is one of Europe's and the world's most successful city "brands", both in terms of reputation and assets. Its historic centre is listed by UNESCO as a World Heritage Site. Monuments and museums such as the Vatican Museums and the Colosseum are among the world's most visited tourist destinations with both locations receiving millions of tourists a year. Rome hosted the 1960 Summer Olympics. Although associated today only with Latin, ancient Rome was in fact multilingual.

Rome is regarded as one of the world's most beautiful ancient cities and contains vast amounts of priceless works of art, palaces, museums, parks, churches, gardens, basilicas, temples, villas, piazzas, theatres, and other venues in general. As one of the world's most important and visited cities, there are numerous popular tourist attractions. In 2005, the city received 19.5 million global visitors, up of 22.1% from 2001. The 5 most visited places in Rome are: #1 Pantheon (8 million tourists a year), #2 The Colosseum (7.036.104 tourists a year), #3 Trevi Fountain (3.5 million tourists a year), #4 Sistine Chapel (3 million tourists a year) and #5 The Roman Forum (2.5 million tourists a year). The study was conducted by the Ministero dei Beni e della Attività Culturali e del Turismo (MIBACT) for the year 2017. Rome is the city with the most monuments in the world.

Rome Attractions

Venue: Rome, Italy

Important Dates

Abstract Submission opens: May 04, 2019

Registration opens: May 10, 2019

Early Bird Registration: July 04, 2019

On Spot Registration: November 25, 2019
